

## Quad, glider and sail boat

**day 1** Arrival and accommodation in hotel Dinner and overnight stay in hotel.

**day 2** *Morning:* breakfast at hotel. Meeting of participants: time and location to be specified. Individual transfer to Calcinate. Anyone over the age of 12 can experience the thrill of a ride in a glider. A tourist flight with trailer at an altitude of 1000 m lasts approximately half an hour, whereas a flight at 750 m lasts approximately 20 minutes. Gliding means flying on board a sailplane without the use of mechanical propulsion devices. A good glider sees the air all around as an energy source which can fuel their entire flight.

*Afternoon:* meeting of participants, time and location to be specified. Individual transfer to Santa Caterina del Sasso. Upon arrival, participants shall climb aboard for two hours of stress-free sail boating surrounded by the beauty of the Lake.

Experience the marvellous sunset in front of the monastery while sailing and sipping an aperitif.

Departure scheduled for 18:15 and return at 20:00. Return of participants: individual transfer, end of services.

**day 3** Breakfast in hotel and individual transfer to starting point of excursion for a detailed briefing on the use of quad bikes and practical advice from the guide. Half way along the route there is a scheduled stop-off during which participants can take a rest, drink or eat should they wish. Participants riding a double quad can swap over so their partner gets to drive. The planned route is 35 km., duration 3 hours. Recommended clothing: hiking shoes/boots or trainers, full-length trousers (jeans preferably), t-shirt (no shirts) and gloves. Please dress according to weather. Outings may be postponed in the event of adverse weather conditions which may compromise excursion safety.

**day 4** Breakfast in hotel
